EECS 270: Labs

Wage labour (also wage labor in American English) is the socioeconomic relationship between a worker and an employer, where the worker sells their labour power under a formal or informal employment contract. These transactions usually occur in a labour market where wages or salaries are market-determined.. In exchange for the money paid as wages (usual for short-term work-contracts) or ...

Wage labour - Wikipedia

There were 2 of us doing the 70-271 and 70-272 exams, after that it was just a simple matter of arithmetics to figure it out. We both had different scores on both exams so it was easy to find out the weight of each question.
