A Short Introduction to the World of Cryptocurrencies Aleksander Berentsen and Fabian Schär 1 INTRODUCTION Bitcoin originated with the white paper that was published in 2008 under the pseudonym "Satoshi Nakamoto." It was published via a mailing list for cryptography and has a similar appearance to an academic paper.

A Short Introduction to the World of Cryptocurrencies

A short story is a work of short, narrative prose that is usually centered around one single event. It is limited in scope and has an introduction, body and conclusion. Although a short story has much in common with a novel (See How to Analyze a Novel), it is written with much greater precision.

How to Analyze a Short Story | Introduction to Literature

The variable with the strongest association to the underlying latent variable. Factor 1, is income, with a factor loading of 0.65. Since factor loadings can be interpreted like standardized regression coefficients, one could also say that the variable income has a correlation of 0.65 with Factor 1.This would be considered a strong association for a factor analysis in most research fields.
