Angry Birds Quadratics

Using Angry Birds as a Context for Quadratic functions One of the teachers I work with used Angry Birds as a context for learning about quadratic functions. Whenever they wanted to introduce a new topic, they referred back to the context of Angry Birds so as to give students a representation of quadratics with which the students may be familiar.

Quadratic Angry Birds: The Game - GeoGebra

In this project students will graph quadratic functions based on the popular game, Angry Birds, by using equations and a Web-based graphing tool. Students will work in groups to apply the same principles to create their own game that uses quadratic functions. Students will exchange games with other groups, play the game and assess that game using a set student rating scale.

Unit 5 Project: Quadratic Functions in Angry Birds ...

Angry Birds is a pretty popular game with the kids nowadays. My students brought up the game when we started talking about parabolas and I've been working on a way to bring that connection into a class. So, I created a lesson using GeoGebra and some screenshots from Angry Birds mixed in with some inspiration from Dan's Will The Ball Hit The Can?
