Audi Tt Multifunction Steering Wheel

All Audi models feature a multitude of functions. Their displays and controls are bundled into two systems that are optional in some model series, standard in others. One is the Multi Media Interface (MMI) with a large central monitor; the other is the driver information system (DIS), which is controlled via the multifunction steering wheel.

Driver information system/multifunction steering wheel ...

Audi TT, sets new standards Located directly behind the steering wheel, a 1440 x 540 pixel, 12.3-inch digital screen shows all information directly in front of the driver Operated via the MMI touch button, voice control and the multifunction steering wheel, the display can be switched between 'classic',
