LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Campbell Reece Biology 6th Edition

The Sixth Edition of BIOLOGY by Neil Campbell and Jane Reece builds upon the earlier versions' dual goals to both help readers develop a conceptual appreciation of life within the context of integrating themes, and to inspire readers to develop more positive and realistic impressions of science as a human activity. <P>The authors have thoroughly updated each of the book's eight units to reflect the existing progress in our understanding of life at its many levels, from molecules to ecosystems.

Campbell & Reece, Biology, 6th Edition | Pearson

Neil A. Campbell taught general biology for over 30 years and with Dr. Reece coauthored Biology, now in its eighth edition and the most widely used text for biology majors. His enthusiasm for sharing the fun of science with students stemmed from his own undergraduate experience. He began at Long Beach State College as a history major, but switched to zoology after general education ...
