Intellectual testing is most commonly done using the Wechsler Intelligence Scale for Children - 3rd Edition (WISC - III). This is the most widely used intellectual battery for children in North America, and it also now provides (since 1996) Canadian norms based on a very large sample of children from across Canada.

Assessment of Learning Disabilities - Learning ...

That's why achievement tests are confined to a specific subject or area of knowledge and are usually applied when a grade or level of study has finished. Another difference between achievement tests and aptitude tests is that you can prepare and study to the achievement test, while for aptitude tests there isn't any material to study.

What is the difference between aptitude and content tests
