About Decedent's Children For children to inherit from their parents, New York State requires that there is legal parent-child relationship. In most cases this is not an issue but it's not always clear. Adopted children will inherit just like a biological child. Foster children and stepchildren will not inherit unless they were legally adopted.

Intestacy - When There Is No Will | NY CourtHelp

In general, children have inheritance rights if a parent dies without a will, particularly in states that are not community property states—states where marital assets are equally owned by both spouses. In community property states, the surviving spouse generally receives the deceased spouse's half of the estate. In these states, a child is not entitled to inherit any property.
