Cognitive Therapy Of Depression Guilford

This bestselling, classic work offers a definitive presentation of the theory and practice of cognitive therapy for depression. Aaron T. Beck and his associates set forth their seminal argument that depression arises from a cognitive triad of errors and from the idiosyncratic way that one infers, recollects, and generalizes.

Cognitive Therapy of Depression - Guilford Press

"Cognitive Therapy of Depression" is an excellent book, obviouly written by a wise and experienced clinician. It reads as if directed at other professionals, and is full of sound advice to them. Like other neo-Freudians (and I would classify him as a neo-Freudian) Beck recommends ignoring the patient's childhood memories.
