New Mercedes-Benz Models | Mercedes-Benz Price & History ...

So why do so many history books say that the automobile was invented by either Gottlieb Daimler or Karl Benz? It is because both Daimler and Benz invented highly successful and practical gasoline-powered vehicles that ushered in the age of modern automobiles. Daimler and Benz invented cars that looked and worked like the cars we use today. However, it is unfair to say that either man invented ...

Invention of the Car: A History of the Automobile

Thanks to the complete networking of all participants with one another and with
the Internet, the "Smart Factory" can integrate the real world into a digital one. A "digital twin" maps processes and systems in real time – even entire factory halls. Technical feasibility is therefore clarified on the computer, long before series production starts. Mercedes-Benz is systematically pushing ahead ...
