Essential medicines and health products Trade, Intellectual Property rights and Access to Medicines The implications of trade agreements on public health, and in particular, the impact of the WTO-TRIPS Agreement on access to essential medicines, has been one the most debated topics in the recent years. WTO and the TRIPS Agreement

### WHO | Trade, Intellectual Property rights and Access to ...

Part 1 is divided into two chapters: 'The Life of Health' and 'The Health of Intellectual Property'. The first chapter commences with a striking analogy in which the knowledge economy and the intellectual property system are likened to a Portuguese Man o' War, i.e. an organic unity founded on co-operation and trust.

### Intellectual Property, Medicine and Health Current Debates ...

Johanna Gibson's Intellectual Property, Medicine and Health: Current Debates is an ambitious attempt to bridge the gap between IPR (largely patents) and the ethical, moral and philosophical issues which should influence global access to innovations in health.

### Intellectual property, medicine and health: Current ...

As these issues continue to shape and define the debate, Intellectual Property and Health Technologies enables professionals and graduate students in public health, health policy, healthcare administration, and medicine to understand patent law and how it affects the development of medical technology and the delivery of medicine.

### Intellectual Property and Health Technologies: Balancing ...

Intellectual property (IP) has different forms; in the case of access to medicines, we are talking about patents. Patents are a public policy instrument aimed at stimulating innovation. By providing a monopoly through a patent—which gives inventors an economic advantage—governments seek to provide an incentive for R&D.

### Intellectual property and access to medicine | Oxfam

For access to medicines to increase, policies relating to health, trade, and intellectual property should not be created and implemented in isolation, but together and in reference to one another....

### Exploring Covid 19, Access To Medicine And Intellectual ...

The goal is to leverage intellectual property (IP) as a tool that contributes to meet the world's most pressing health needs. Directors General of WIPO, WHO and WTO address the Joint Technical Symposium on Sustainable Development Goals.

### Global Health and IP - World Intellectual Property ...

While acknowledging the role of intellectual property protection "for the development of new medicines", the Declaration specifically recognizes concerns about its effects on prices. The Doha Declaration affirms that "the TRIPS Agreement does not and should not prevent Members from taking measures to protect public health".

### THE DOHA DECLARATION ON THE TRIPS AGREEMENT AND PUBLIC HEALTH

"Intellectual Property, Medicine and Health examines critical issues and debates, including access to knowledge and medicinal products, human rights and development, innovations in life technologies and the possibility for ethical frameworks for intellectual property law and its application in public health.
