tendering in compliance with the EBRD Procurement Policies and Rules for projects that are financed in whole or in part by the EBRD. These Standard Tender Documents are derived from the Master Document for Procurement of Works prepared by the Multilateral Development Banks and International Financing Institutions.

Standard Tender Documents

A tender can be described as an offer to perform some task or supply goods at a fixed price. In the initial step of this tendering process, the contractors are invited to submit sealed bids for construction or for the supply of specific and specifically designed services or goods during a specific timeframe. The e-tendering process in India is designed to ensure that the work to be done for the government or a particular client is done in a fair way.

Open tendering is the main tendering procedures employed by both the government and private sector. Open tendering allows anyone to submit a tender to supply the goods or services required and offers an equal opportunity to any organisation to submit a tender. This type of tender is most common for the engineering and construction industry.

Oil India Limited CONTRACTS DEPARTMENT

NTPC Limited has revised its previous tender for an engineering, procurement, and construction (EPC) package for 600 MW of solar projects in the country.The tender capacity has now been reduced to 500 MW of solar projects in Gujarat. NTPC had originally floated the project in May. It invited bids for an EPC package and land to develop solar projects up to 600 MW capacity.
